This has been a long, drawn out matter, yet to our knowledge there hasn't been one single heated argument between people with opposing viewpoints. This hasn't been true to save you during past wet-dry voting but it has been thus far in 2002. Many people allow their position on a particular issue to take control of their entire life. This is tragic because that obsession hurts this person and deprives many others of some great personal associations and friendships. Each of us needs to remember this point as we go through this life on earth.

WHAT DOES THE BIBLE SAY ABOUT.....?

A Service of the Elba Church of Christ

Brewery Begs For Pity Adamsville, AL, now deceased, is very timely indeed. We have been promised that if Elba goes wet then the tax money from the sale of alcohol will go to support our schools, but yet, as the following article points out, not everyone who wants to have alcohol will want to pay the taxes on the sale of it.)

The speaker will be Duane I don't know about you, but that stirs me more than just a little, it seems Delmain, pastor. A covered dish the rest of the story also needs to be told.

1. It needs to be said that the \$265,000 does not begin to pay for the work-days missed by those who drink that beer. 2. It does not begin to pay for the homes broken because of the drinking of that beer. It does not begin to pay for the children who are made orphans

because of that beer. 4. It does not begin to pay for the discomfort of children who go to school without comfortable clothes because of that beer. It does not begin to pay for the child neglect brought about by that beer

6. It does not begin to pay for the child abuse caused by that beer.

It does not begin to pay for the battering of wives that beet daddies, brothers and sisters, grandmothers and grandfathers of those children who lost their lives in highway accidents

If the peddlers of beer want any sympathy from me, they will have to think up something better than crying over what little extra taxes their customers pay for the privilege of being such a blight on our society. A LETTER TO THE CITIZENS OF ELBA

Dear Fellow Citizens of Elba:

As voters we will make a <u>crucial decision</u> Tuesday, November 5th that will determine the future of Elba City Schools and the economic progress of our city, the following is offered for your serious consideration:

Earlier this year, the formation of a citizens' committee to recommend additional sources of funding to support our city school system was prompted by a significant shortfall in state and local taxes. The shortfalls created a <u>critical situation</u> in which our city school system itself is at stake.

After much study, it became evident that only three choices of revenue are capable of producing the needed funds to maintain a city school system:

- 1. RAISING PROPERTY TAXES
- 2. RAISING LOCAL SALES TAXES
- 3. TAX GENERATED BY THE SALE OF BEER AND WINE

We chose not to recommend a property tax increase for the following reasons: A. Elba property incurred serious devaluation after the 1990, 1994 and 1998 floods. There was not reduction in real estate taxes after these catastrophic events to our citizens.

B. It would place an unfair burden on fixed income property owners.C. There is already a move within the county and state to increase property taxes.

We chose not to recommend an increase in city sales tax because:

A. Elba sales tax is in line with other cities and increasing it would be counterproductive.

B. To keep sales in Elba we must stay in line with surrounding communities to give an incentive to shop in Elba.

We chose to petition the City Council to place the WET/DRY issue on the ballot in November so the citizens of Elba could voice their opinion as to this option to help fund our schools. As a committee we believe this proposal is the fairest option available. If you don't drink you pay no taxes.

Let's get real and straightforward as to why Elba should vote wet:

- 1. ELBA IS NOT DRY. BEER AND WINE CONSUMPTION IS QUITE LEGAL IN OUR TOWN.
- 2. It is illegal to sell beer and wine without approval of the voters.
- 3. We have watched for years, thousands of tax dollars leave our community in beer and wine sales, creating a windfall of funding for schools and services in our neighboring towns. (Enterprise rectified this situation by vote of the people and none can argue that their schools and their city have not benefitted greatly.)

 4. The loss of revenue places our city school system at a serious disadvantage.

THE FEARS EXPRESSED BY OPPONENTS TO THIS ISSUE SIMPLY HAVE NOT OCCURRED IN OTHER CITIES AND TOWNS:

- A. Many cities that have legalized the sale of beer and wine in recent years have reported a reduction in DUI and alcohol related accidents.
- B. There are no facts to support that the young people in Brantley, Luverne, Troy, Brundidge, Opp, Andalusia, Headland, Abbeville, Ozark, Daleville and Enterprise consume more beer or wine than the young people of Elba.

 C. There is no evidence to support there will be a so-called "joint" on every

C. There is no evidence to support there will be a so-called "joint" on every corner in Elba.

D. Many law enforcement officials believe it is easier to regulate the sale of beer and wine in cities where it is under both local and state control.

THE ELBA CITY SCHOOL SYSTEM BELONGS TO THE PEOPLE OF ELBA. THE CRISIS THAT CURRENTLY EXISTS WITHIN OUR SYSTEM IS REAL, NOT IMAGINED. THE DECISION ON WHAT TO DO ABOUT THIS CRISIS RESTS WITH OUR VOTERS.

REMEMBER: THE ONLY POLLING PLACE WHERE YOU CAN VOTE ON THIS CITY QUESTION IS AT THE OLD NATIONAL GUARD ARMORY ON CLAXTON AVENUE. PLEASE GO VOTE!
